

**The 3:15 Project is inviting you to help launch**

# **THE STORYDRIVE LAB @ LEARNWELL**

**EMPOWERING TOMORROW'S STORYTELLERS TODAY**

## **THE PROBLEM**

Most churches and ministries lack the resources to produce more than a handful of video testimonies, with many having never shared a video testimony at all.

At the same time, most students are rarely given an opportunity to participate in producing meaningful video testimonies of life change at their church or school.

## **A PATH FORWARD**

Imagine a dedicated space and place where people from different churches and ministries can regularly come to share stories of what God has done, and is doing in the lives of His people.

Imagine a dedicated space and place where young people and adults can learn and serve together to co-produce stories with reverence and excellence. Stories that can be shared in the local community, and around the world to help others know God.

Let's not just imagine. God willing, with your help, let it be a reality.

## **Empowering Tomorrow's Storytellers Today**

The StoryDrive Lab @ Learnwell will empower students to develop and steward their gifts and talents, by learning to co-produce stories in Christ's love leveraging the technology and tools of the age as well as empathetic listening and cooperation.

This collaboration between The 3:15 Project, and Learnwell Collective will offer experiential training, mentoring, and real-world production opportunities serving local ministry partners and Christ-centered organizations. In the process, students will discover and experience their true identity in Christ, as well as the beauty and power of redemptive storytelling.

Students from the local community and around the world meet regularly in a Christ centered environment to help people share their story.

## You can help launch the StoryDrive Lab @ Learnwell

The StoryDrive Lab will need intentional prayer, participation, and financial support to be successful and bear good fruit. You can help us launch and sustain the StoryDrive Lab by making a one-time or monthly gift through The StoryDrive Fund at the National Christian Foundation.

*"I know of nothing else like this going on in schools that combines professional videography training with faith building experiences for both the students filming, and all those being filmed."*
